

URBAN DEVELOPMENT INSTITUTE CALGARY CHAPTER

TECHNICAL BULLETIN #3

August 9, 2001

ISSUE:

Concrete encased PVC pipe is no longer required.

BACKGROUND:

During the 2001 Development Agreement discussions this past spring, UDI queried the practice of concrete encased PVC pipe based on past performance of this type of installation and manufacturer's recommendations.

RESOLUTION:

Concrete encased PVC pipe no longer required.

FURTHER INFORMATION:

Contact the UDI Calgary office for further information.
